## April 2022 Meeting

### Key Discussion

At the April 2022 meeting, the Board agenda had a strong focus on Information, Communication and Technology (ICT) and workforce matters. The ICT portion of the HSS Service Level agreement was reviewed and an update was provided on the Enabling Virtual Working project.

The People and Performance Committee (PPC) provided their first report to the Board for 2022, following their meeting in March. The PPC report summarised some changes that will be made to the meeting cadence and the work that has commenced on the *Joornanginy* Program in relation to customer experience and sustainability. The PPC also noted the work of the HSS ICT and Workforce teams in January 2022 – during one of the busiest times of the year, Service Level Agreement targets continued to be met.
